 - 3 x 3 - 3545 x 2225mm high (3 panel)
 - 3 x 4 - 4278 x 2225mm high (4 panel)

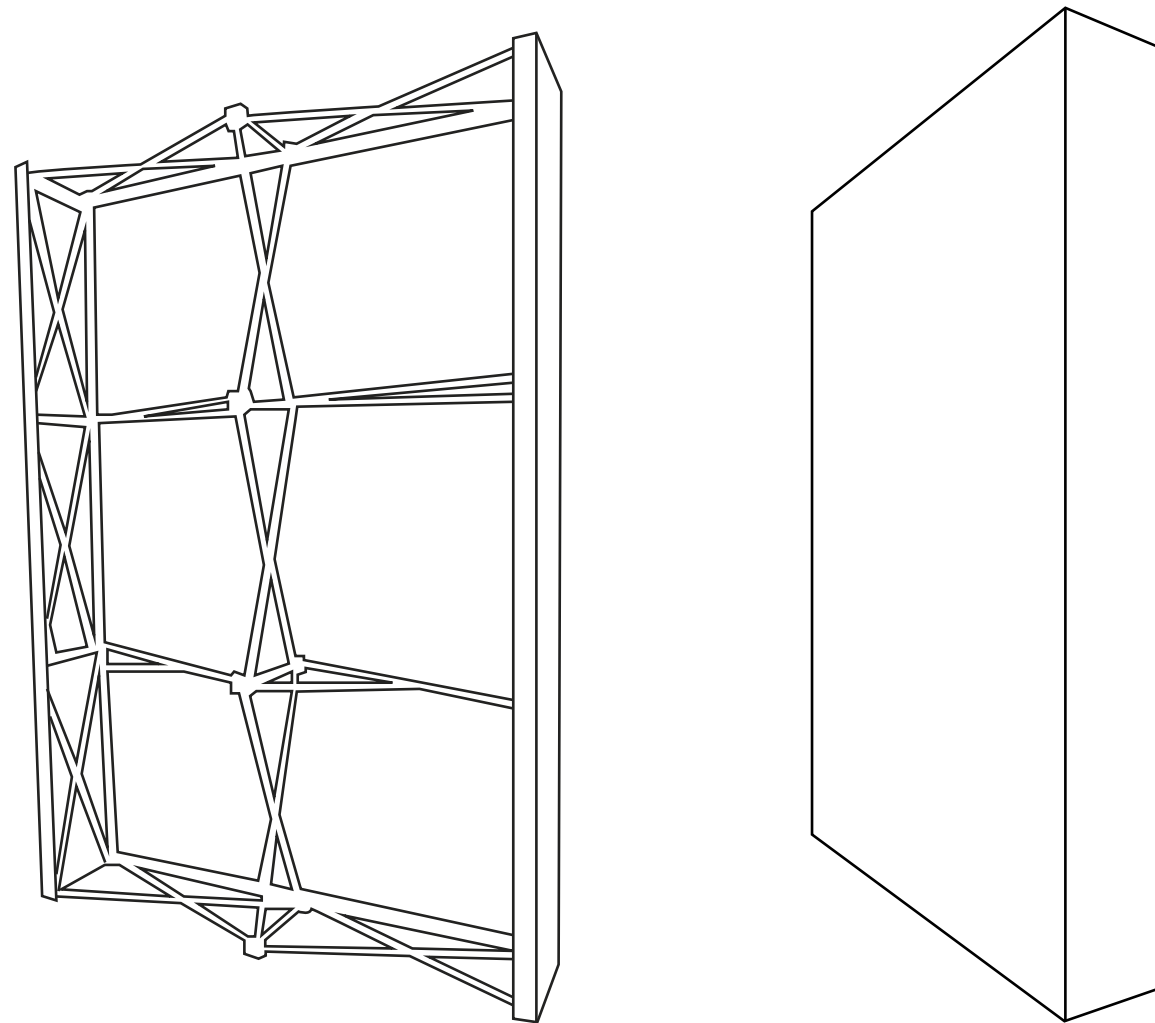

Wheelie case transforms in to a practical podium stand with a beech table top and graphic wrap.

IMPACT HOP UP

The hop up is light-weight, highly portable and easy to set up fabric display. The frame simply expands and locks into place.

- Size:
 - 3 x 2 - 2220 x 2262mm high
 - 3 x 3 - 2960 x 2262mm high (3 panel)
 - 3 x 4 - 3700 x 2262mm high (4 panel)
- Finish: Anodised frame
- Weight with banner: <13kg

FORMULATE FABRIC DISPLAY

This makes the perfect freestanding backdrop for events. The structure is quickly assembled from clip together tubes and finished by stretching a washable fabric graphic over the frame. The system packs away into a compact carry bag.

- Size:
 - 2440 x 2280mm high
 - 3050 x 2280mm high
 - 6100 x 2280mm high
- Finish: Aluminium frame

TENSION FABRIC SYSTEM

This system features easy to change washable graphics and an easy to assemble smart frame. This versatile fabric system can act as either a freestanding backdrop, a wall mounted display, or be transformed in to a slimline lightbox.

- Straight or curved
- In standard sizes or bespoke up to 3m high x 50m wide
- Finish: Aluminium frame
